

Packing

Packaging is an important part of our manufacturing process and we make sure that the spices are packed in a way that they have the authentic flavour and the aroma sealed in the box.

Manufacture & Supplier of quality turmeric products

About Us

Shri Raamakrishnaa Agro Foods (SRAF) is a 100% Indian owned and operated family business that was established in 1986 as turmeric commission agent. From humble beginnings, we have grown to become the largest manufacturer of Quality turmeric products.

Innovation is a driving force of SRAF, and we are proud of the quality turmeric products to produce for a broad range of buyers – from large supermarket brands and health food chains and major restaurants.

With a healthy appetite for growth, we continue to invest in new capabilities and capacity to bring innovative new products to market for our buyers.

Fresh Turmeric

Fresh turmeric is a bright orange root-like subterranean stem (aka a rhizome) famous for powerful anti-inflammatory, antioxidant and antibacterial properties. A member of the ginger family, it has been used in Indian Ayurvedic and Chinese medicines for centuries to heal wounds, treat skin conditions, inflammations and infections.

Turmeric Finger

Turmeric finger is the purest form of turmeric and is used in medicines, food and dyeing processes. The product is sourced from the farmers who grow the crop in natural and organic manner. We offer optimum quality turmeric fingers at competitive prices.

Turmeric Bulb

Turmeric bulb is renowned for its scrumptious taste, easy digestion, rich aroma and purity. Turmeric Ghatta is processed by our professionals using the finest grade ingredients.

Turmeric Powder

Turmeric powder, a bright yellow spice powder is made from dry turmeric rhizomes. Turmeric's main ingredient is curcumin which exhibits a wide range of medicinal activities. Turmeric is useful for its colour, flavour, cosmetic and medicinal properties.

The use of turmeric dates back to nearly 3000 years ago to the ancient Vedic culture of India. Since then, it has been used as an important spice, beauty products and in spiritual ceremonies. The flavour of turmeric powder is slightly peppery giving a warm sensation in the mouth.
